EXPERIMENT 1

1.1. Introduction
The purpose of this experiment is to determine the molar mass of a volatile liquid by measuring the mass and volume of the vapor at a known temperature and pressure.

1.2. Procedure

1.2.1. Preparation of the vapor
A small amount of the liquid is placed in a flask of known volume. The flask is heated in a boiling water bath until the liquid has completely vaporized and the flask is filled with vapor.

1.2.2. Measurement of the mass and volume of the vapor
The mass of the flask is measured before and after the vaporization process. The volume of the flask is determined by measuring the volume of water it displaces.

Burpee's Quality Seeds are grown from specially selected stocks for the best retail, florist and market gardener trade. Seedsmen everywhere are selling Burpee's Seeds; they appreciate their Better Quality and Lower Cost. Allow us to serve you on Merit; allow us to sell you seeds to your Profit.

Quick Service The Burpee Buildings, pictured above, are especially equipped to properly and quickly fill your orders, most of which are shipped within six hours from the time they are received. These new Burpee Buildings, into which we moved a year ago, were made necessary by the tremendous increase in the number of Burpee Customers. If you have not depended upon Burpee for your annual supply of seeds, do so this year; a trial order will be appreciated.

Order Early Although we greatly increased our plantings last summer, some seed crops are short; these include many varieties of Bush Beans, particularly Wax-Pods; Fordhook Bush Lima Bean; some varieties of Cabbage and other vegetables. We suggest you cover on your requirements of all seeds as soon as possible.

We Send You this Wholesale Catalog (Burpee's Red List) in the hope that we may receive your order this year. We believe we are equipped to render the better seedsman and dealer a very real service. It is our purpose to serve you so well, and at so low a cost, that you will never again handle any other seeds except Burpee's. Extra Service and Sales Helps for Burpee's Red List Customers

The prices quoted in this "Red List" wholesale catalog are very low when you consider the High Quality of the seed offered and the extra service and sales helps we furnish free of charge to all Red List customers:

Illustrated catalogs of 144 pages.

Counter cards and posters illustrated in color.

Handsome seed racks made of metal and richly enameled in color. (These we supply at a very moderate price of \$3.50 each, which is lower than cost.)

And remember that seedsman and dealers who sell seeds under the name Burpee get the benefit of all the national and local advertising we have done for more than half a century and which we are doing this year on a large scale. Back cover and other full color pages in many of the country's leading magazines cost us a lot of money and will stimulate your sales of Burpee's Seeds.

No extra charge is made to any of our dealers for advertising or for many other sales helps. This is all included in the moderate prices listed in this catalog.

You cannot buy better seeds at any price and we doubt if you can buy anywhere equally as good seeds and service as are offered in this Red List catalog.

In accord with the non-warranty recommended by the American Seed Trade Association, we give no warranty, expressed or implied, as to purity, description, quality, productiveness, or any other matter of any Seeds, Bulbs or Roots offered in this catalog, and we will be in no way responsible for the crop.

Five New Burpee Giant Ruffled Sweet Peas

Giant Ruffled Sweet Peas are Burpee introductions, developed on Burpee's Floradale Farms in California. They are distinguished by the unusual duplexness and extra frilliness of the flowers. This gives a double appearance to the large, wavy and ruffled flowers which makes them so distinct. Ever since the introduction of our first Ruffled Sweet Pea, we have been constantly working to create new colors in this wonderful class. Our success is shown by the offering of five new varieties this year, two of them are Prize Winners. For other Giant Ruffled Sweet Peas, see next page.

3467 **BONNIE RUFFLES**

Winner of the Gold Medal of
The Scottish National Sweet Pea Society
and the Award of Merit of the
National Sweet Pea Society of Great Britain

It must be a great Sweet Pea to win two such honors this year. It is a wonderful variety, unusually large, long stemmed, and of a most distinctive coloring, one that is difficult to describe—salmon-pink on rich cream, the pink becoming a little deeper towards the edge of the standard and wings. The salmon-pink, which completely overlays a background of rich primrose, gives a unique golden pink appearance to the duplexed, frilly blooms that is most exquisite. Flowers are very fragrant and well placed on sturdy stems.

3594 **BURPEE BLUE**

Winner of the Award of Merit of the
National Sweet Pea Society of Great Britain

Another Prize Winner. Flowers are large, beautifully waved, heavily ruffled and duplexed, and of a distinct dark blue, bright and clear and uniform throughout. It is outstanding in its color class.

Vigor of growth, length of stem, size of flower, and purity of color are well combined in this New Giant Ruffled Burpee Blue Sweet Pea.

**BONNIE
RUFFLES**

3518 **CRINKLES**

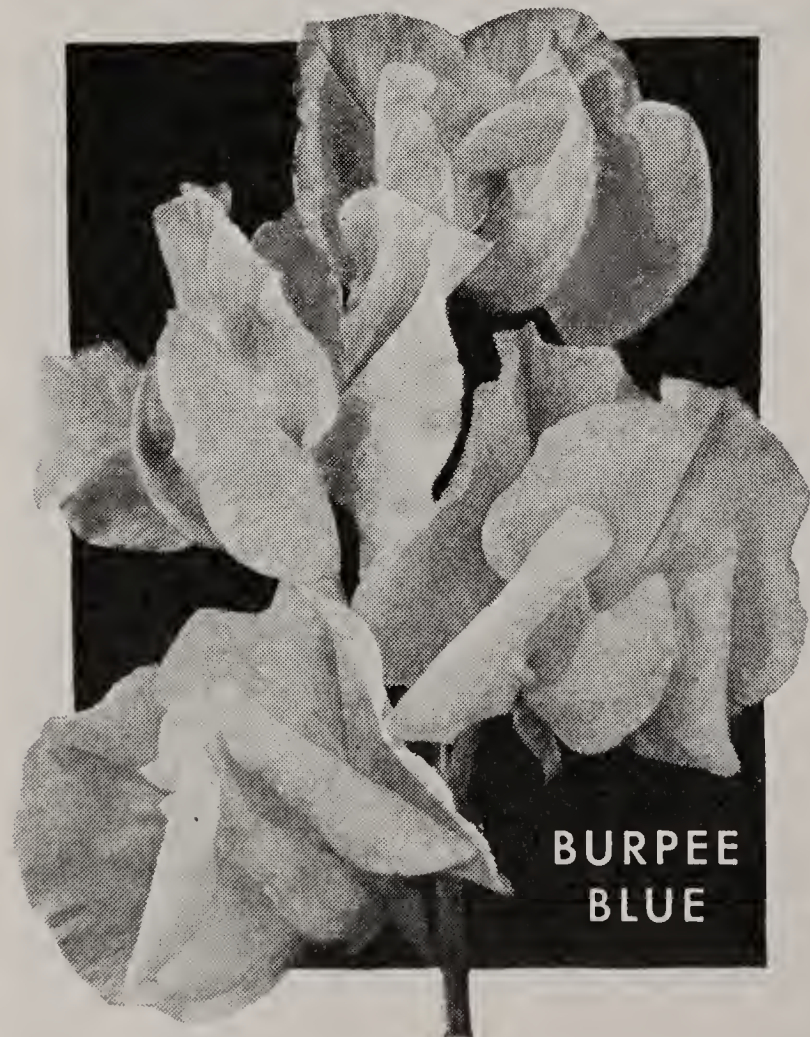

The blooms of Crinkles are very large, wonderfully ruffled, and delightfully frilled. A most gorgeous shade of rich cerise-pink suffused coral, somewhat lighter colored on the wings. The highlights and shadows created by the very deep rufflings greatly enhance the beauty of the flowers.

3513 **HEYDAY**

A great big ruffled flower, well duplexed and beautifully frilled, deep rose-pink enlivened by tones and suffusions of amber or primrose towards the edges of both the standard and wings. The wings are slightly deeper than the standard.

3515 **RUFFLED CRIMSON**

Flowers are of the largest size, heavily ruffled and duplexed, and extra long stemmed. Rich satiny crimson that deepens a trifle towards the edge of both the standard and wings. Much admired.

BLUE**

Giant Ruffled Sweet Peas

Originated on Burpee's Floradale Farms

Acclaimed by experts as the greatest advancement made in Sweet Peas for many years. Flowers are duplexed, heavily ruffled and frilled; a bunch of a dozen sprays looks twice the number of the regular Giant Spencers.

Five new varieties, offered for the first time this year, are listed on the opposite page; twelve named varieties, as well as mixture, are listed below. Be sure to include Burpee's Giant Ruffled Sweet Peas in your catalog; they are distinct, unusual, the latest and most beautiful of all. They are ready "sellers."

One-half lb. of any variety may be ordered at 1/2 the lb. rate; 1/2 oz. at 1/2 the oz. rate where the price per oz. is 40c. We will not sell 1/2 oz. where the price per oz. is 10c.

3574 RUFFLED BLUE

Delightful mid-blue shade, the beauty of which is enhanced by a deeper blue shading in the center, which becomes lighter at the edge of the standard. Wonderfully ruffled and duplexed.

3569 RUFFLED EXQUISITE

Scintillating salmon-cerise with a glow of deeper salmon in the standard. Flowers are of the largest size, wonderfully ruffled and duplexed, full of life and sparkle; very lovely color.

3581 RUFFLED MAUVE

Large, well-ruffled and duplexed blooms of a rich and pleasing pure mauve. A lighter shading towards the edge of the standard and wings, and in the extreme ruffings, adds life never before seen in a mauve-colored Sweet Pea.

3585 RUFFLED PURPLE

A rich glowing shade of purple enlivened by a sheen of warm coppery rose over both standard and wings. The well-formed flowers are heavily ruffled and duplexed. Vigorous; free blooming.

Any of the above four named varieties:

Oz. 40c; 4 ozs. \$1.50; lb. \$5.00.

3413 FLUFFY RUFFLES IMPROVED

3565 RUFFLED BEAUTY

Cream-pink with a sheen of bright lilac that gives an unusually charming effect of silvery pink on amber. Exquisitely ruffled and duplexed; large and impressive.

3612 RUFFLED CARMINE

Lovely carmine-rose, remarkably bright yet soft and pleasing. The large blooms are perfectly frilled and borne on long-stemmed sprays. The color is one that always pleases.

Early Flowering Sweet Peas

Burpee's Early Flowering Sweet Peas come into bloom 3 to 4 weeks earlier than the Summer Flowering varieties offered on pages 30 to 35. They are especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North, and also valuable for winter flowering under glass. They are being planted more and more every year. If you live in a locality where the late Sweet Peas have not done well, have your customers try some Early Flowering. They will bloom before the summer heat arrives. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep rich soil which must be well drained.

Burpee's Sweet Peas are famous the world over as the "Best That Grow." The flowers are extra large, of perfect form and texture, well placed on long strong stems, and usually produced in sprays of four. We have marked with a star (*) the varieties that we prefer in each color class; if you are in doubt as to which to choose, make your selection from those thus marked.

One-half lb. of any variety may be ordered at 1/2 the lb. rate; 1/2 oz. at 1/2 the oz. rate where the price per oz. is 20c or more. Where the price per oz. is 15c, we will sell 1/2 oz. for 10c. No unit will be sold for less than 10c.

Burpee's Famous Seed Farms

Each lot of seed is tested for vitality in the Fordhook Greenhouses

A corner of the Vegetable Seed Trial Grounds at Fordhook

Row after row, as far as you can see, are many varieties of flowers for seed on Floradale Farms

At the left: Burpee experts inspecting a field of Sweet Peas at Floradale

Hundreds of acres are grown every year for seed production. Many of the finest Sweet Peas were originated by Burpee.

Fordhook and Floradale are the names of our famous Seed Farms. On them, we not only grow hundreds of acres for seed production, but we also devote large acreages to breeding and experimental work as well as extensive trial grounds. A most careful record is kept by our experts from the time the seed is sown until the plants mature. With thousands and thousands of trials to be properly cared for and noted throughout the season, it means an expenditure of thousands of dollars. All this to make doubly sure that Burpee customers will receive the Highest Quality Seeds for which Burpee has been known for more than 60 years.

Fordhook Farms

Doylestown, Pa.

24 miles north of Philadelphia

The Original Burpee Seed Farm

Famous the world over as the largest and most complete Trial Grounds of Vegetables and Flowers. Seeds from every part of the world are tested here, but only the best are offered to Burpee Customers. At Fordhook, Burpee's Seeds are proved to be The Best that Grow.

By testing every variety of Vegetables and Flowers from all foreign countries and making careful comparisons, and by hybridization and selection, we are constantly improving the Quality and also creating New Varieties of both Vegetables and Flowers. Burpee's Fordhook and Burpee's Floradale Farms are the most famous Seed Farms in the entire world. In addition to these great experimental stations, we grow enormous acreages of the finest Vegetable Seeds in Michigan, Wyoming and Idaho, where the climatic conditions are most favorable for growing many varieties.

Floradale Farms

Lompoc, Calif.

60 miles north of Santa Barbara

The Original Flower Seed Farm of the Famous Lompoc Valley

W. Atlee Burpee established Floradale Farms especially to grow Sweet Peas. We later found out that the soil and the climate were almost ideal for growing nearly every variety of Flower Seeds. At Lompoc we have cold summers and the seed develops unusual vitality and strength. We are now growing hundreds of acres of flowers for Seed at Floradale. The seed is harvested and shipped to Philadelphia by the carload. When you order Burpee's Flower Seeds from our headquarters in Philadelphia, you are assured of getting the purest and strongest Seeds—the prize-winning Seeds that are grown on Burpee's Floradale and Fordhook Farms.

You are cordially invited to visit Burpee's Seed Farms and also the Burpee Buildings in Philadelphia (see picture of our Buildings on page 1).
